

Power. Performance.
Productivity. Protection.

The thin and lightweight xTablet T1175 boasts the latest technological advancements plus the highest levels of performance and protection. Streamline workflows with the multi-use device, designed to thrive in both indoor and outdoor environments, featuring an integrated high-performance barcode scanner and optional integrated NFC module and 3-1 payment device.

PROVEN RUGGED

MobileDemand devices must meet rigorous military standards, passing a 5-foot drop test a total of 26 times ensuring the xTablet T1175 will be protected from accidental drops. IP65 rated sealed ports protect the device from liquids and dust, critical to investment protection.

SUNLIGHT VIEWABLE

The 10.1-inch, 10-point multitouch capacitive screen and 800-nit, sunlight viewable display ensures the device will thrive in both indoor and outdoor environments. Light-filtering technology with a high contrast ratio prevents eye strain from squinting.

PRODUCTIVITY

Increase business productivity where mobility and customer interactions play a key role. Scan barcodes, take payments, read identification tags and visitor bands all on a single Windows-based mobile device.

HIGH PERFORMANCE

Featuring the latest 12th Gen Intel® Core™ processor, the xTablet T1175 delivers the highest levels of speed and performance possible. With up to 16GB of memory and up to 10-hour hot-swappable batteries, the device stays powered up and ready to perform all day and night.

Features

10.1" 1920 x 1200 LCD
