

## The xTablet T1185. Value and Performance.

The T1185 is a value-packed, mid-performance tablet, built tough to perform in many of today's most demanding industries. Expand its production capabilities with an optional 2D scanner or NFC Module. Standard features include hot swappable batteries and a high definition 10.1" sunlight viewable display, so the T1185 will work as hard as you do, inside or out.

### PROVEN RUGGED

Durability is built into every MobileDemand xTablet. Both external and internal components are engineered for impact resistance, ensuring each device meets the military MIL-STD-810 drop test standards. We design and test for extreme ruggedness, giving the mobile workforce the confidence needed to succeed.

### MOUNTING

Mounting is made easy with MobileDemand's quick release snap mount system. Rugged design allows safe and secure mounting for the toughest applications including warehousing, manufacturing, construction, logistics and so much more. Built to survive the everyday bumps and bruises common to forklifts, vehicles and delivery trucks.

### PRODUCTIVITY

Equipped with hot swappable batteries and sunlight viewable HD display extends productivity indoors or out. Optional mountable powered dock, high performance scanner and RFID reader expands the T1185's production capabilities further allowing it to do more in more places.

### DATA CAPTURE

Optional high-performance Honeywell N6703 2D imager offers world-class barcode scanning capabilities. HD optics allows capture of higher resolution codes and provides exceptional read range and readability. Its laser aiming system improves visibility of users and the ability to read moving barcodes takes productivity to the next level in fast-paced environments where data capture is critical.
